

7th Geneva Conference on Person Centered Medicine

Person- and People-Centered Integrated Care for All

April 26 –30, 2014

Geneva University Hospital

Conference organized by the International College of Person-centered Medicine
in collaboration with top global medical and health bodies.

In connection to the Conference main theme, thematic symposia will cover various aspects of person- and people-centered integrated care, including conceptual issues, clinical care and public health. The program will encompass plenary sessions and contributed parallel workshops, oral presentations, and poster sessions. A *2014 Geneva Declaration on Person- and People-centered Integrated Care for All* will be organized as well.

Expected participants will be clinicians and scholars in medicine and related health disciplines as well as other health stakeholders. The registration fee is 400 Euros for persons residing in World Bank Group A (High Income Countries) and 250 Euros for persons in other countries. Documented full time students and members of patient and family associations will pay discounted half-rate fees.

Abstracts are due January 31, 2014. Each submission should include a title, authors with location and e-mail address, and an abstract text of up to 200 words and two references connected to statements on the text.

ICPCM Continuing Professional Development (CME) Certificates will be issued.
